TAILOR-MADE FOOD EXPERIENCES

We also offer fully customizable, tailor-made food tours and experiences. Here are some of the tours we've put together in the past.

GOURMET TAPAS TOUR: Experience the best of Madrid as we take you to some of the capital's top tapas bars. Some stops will be upscale while others will be surprisingly casual – but one thing's for sure: the food and wine will always be spectacular.

BIZARRE FOODS TOUR: Ears and tails, snouts and snails... it doesn't get much weirder (or more wonderful) than this. Eat the foods only Madrilenians eat on this very unique food experience.

CRAFT BEER TOUR: After drowning for years with industrial brews, Madrid is finally waking up to craft beer, and we know where the action is. Join us in discovering this exciting movement, tasting the city's best boutique brews and top tapas.

SWEET MADRID: Madrid's best pastry shops, chocolate boutiques, and candy stores – all rolled into one very sweet tour.

NEIGHBORHOOD TOURS: Want to go off the beaten path? Interested in a specific neighborhood, its history and its foodie finds? We prepare tours all around the city, and specialize in Barrio de las Letras, Lavapiés, Salamanca, and Malasaña. Just ask!
